Occasional inaccuracies can occur, especially when checking older vehicles. Underground repair shops may illegally disguise vehicle defects or damages, not recording their existence anywhere. Sometimes, even vehicle VIN plates may be replaced. We have a variety of methods to detect even such crimes, but it's impossible to provide a 100% guarantee. Natural disasters Has the vehicle's location been recorded in the area of a natural disaster? No issues found Vehicle's location was not recorded in the area of a natural disaster Market value How much was the vehicle sold for in the past? What is the price of vehicles of this year and model on average? 1 Note Note
Last known selling price: €25,600
Average market price for such vehicle: €28,361
Be cautious of hidden issues if the vehicle was on sale for significantly less than the current price! Volvo XC60 2019 market value today Market value is determined by examining the price of a particular car model (manufactured in the same year) in the country where the report was generated. We analyze data from the last 6 months. Lowest price Average price Highest price €26,153 €28,361 €30,831 Market price history
